More about me

Hello, my name is **Jinhyeok Yoon**. I am living in Toronto, Canada, and studying **Computer programming** at **Seneca** College. When I was in Korea, I worked at broadcasting company as cameraman and photographer. Since I was in Korea, I have been interested in taking pictures. I was curious the way such kind of AI app like luminar or photoshop work at pictures. I chose this major because I wanted to study computer works picture data. Whoever want to take picture with me contact me.
